ITINERARY

Day 1: ARRIVAL

Upon arrival at Keflavik International Airport pick up your pre-booked rental car. If you are arriving early, you will have the option to make a detour to the famous Blue Lagoon for a relaxing bath or to explore Reykjavik, the most northerly located capital in the world.

1 night accommodation at Hotel in Reykjavik.

Day 2: Golden Circle

Explore the UNESCO World Heritage Site and Þingvellir National Park. Walk through the Almannagjá tectonic rift, pass the site of the first parliament, Althing and enjoy Óxaráfoss waterfall. Your journey will take you to Geysir hot spring area where Strokkur erupts every five minutes or so. Another stop is the majestic waterfall Gullfoss, one of Iceland's famous natural wonders. We recommend a visit to Friðheimar greenhouse where you can treat yourself to a delicious Tomato Ice cream or try mushrooms at Iceland's only place that grows mushrooms, Flúðasveppir, before heading to the Secret Lagoon pool for a relaxing bath.

2 night accommodation in Hvalsöllum area.

Ca. 250 km

Day 3: SOUTH COAST

Take an unforgettable walk behind Seljalandsfoss waterfall and the stairs to the brim of the waterfall Skógafoss. The local folk and transport museum Skógasafn exhibit an original turf-farm as well as historical items from days long gone. Optional excursions are a glacier hike or snowmobile tour on the Sólheimajökull glacier, Super Jeep tours into the black sands including a visit to an ice cave or an ATV tour to the black sand beach and famous plane wreck, or a Jeep tour to the highland valley of Þorsmörk. The bird cliffs of Dyrhólaey with the eroded rock arch are worth a detour. Explore Reynisfjara black beach with its fascinating basalt columns but beware of the waves.

Or take the longer drive to the famous Glacier lagoon and the so called Diamond beach at Vatnajökull glacier. Perhaps add an ice cave tour (available November to March) or a boat tour on the Glacier lagoon (available May to October). The drive is about 550 km. Or just add one more day!

Ca. 160 km

Day 4: CHARMING FORMER FISHING VILLAGES AND REYKJANES PENINSULA

The villages along the shore in South Iceland have been important harbours and trading centers in former centuries. Many preserved houses from the period 1890-1920 are situated in Eyrarbakki. The area offers stunning views over the Atlantic Ocean and opportunities for outdoor activities such as hiking, bird watching and kayaking.

Drive along the southern part of the Reykjanes Peninsula. You will drive through the raw lava landscape, see the bubbling mud pots and fumaroles at Krysuvík and Lake Kleifarvatn. Another visit that is well worth it is the wooden church Strandakirkja in Selvögur standing at the seaside.

Add on a visit to the famous Blue lagoon or head on further out to the tip of the peninsula and visit the Gunnuhver hot spring and the Bridge over continents, a footbridge that spans over a fissure that was created by the mid-Atlantic ridge.

1 night accommodation in Reykjavík, Grindavík or Airport area.

We recommend to have the last night in airport area or Grindavík, if you have an early flight.

Ca. 180 – 200 km

Day 6: DEPARTURE

Drive to the airport and give back your rental car.

We recommend the last night stay close to the airport, if your flight is early in the morning.
